Explanatory Statement

This Explanatory Statement has been prepared to provide information which the Directors believe to be material to Shareholders in deciding whether or not to pass the Resolutions.

1. Annual Report

Shareholders will be offered the opportunity to discuss the Annual Report at the Meeting. The Company will not provide a hard copy of the Annual Report to Shareholders unless specifically requested to do so. The Annual Report is available on its website at <https://www.holistaco.com/the-investors.html>

There is no requirement for Shareholders to approve the Annual Report. However, the Chair will allow a reasonable opportunity for Shareholders to ask questions or make comments about the Annual Report and the management of the Company. Shareholders will also be given an opportunity to ask the auditor questions as permitted by the Corporations Act.

2. Resolution 1 – Adoption of Remuneration Report

2.1 General

The Corporations Act requires that at a listed company's annual general meeting, a resolution that the remuneration report be adopted must be put to the shareholders. However, such a resolution is advisory only and does not bind the company or the directors of the company.

The remuneration report sets out the company's remuneration arrangements for the directors and senior management of the company. The remuneration report is part of the directors' report contained in the annual financial report of the company for a financial year.

The chair of the meeting must allow a reasonable opportunity for its shareholders to ask questions about or make comments on the remuneration report at the annual general meeting.

2.2 Voting consequences

The vote on Resolution 1 is advisory only and does not bind the Company or its Directors. However, the Board will actively consider the outcome of the vote and comments made by Shareholders on the Remuneration Report when reviewing the Company's future remuneration policies and practices.

A company is required to put to its shareholders a resolution proposing the calling of another meeting of shareholders to consider the appointment of directors of the company (**Spill Resolution**) if, at consecutive annual general meetings, at least 25% of the votes cast on a remuneration report resolution are voted against adoption of the remuneration report and at the first of those annual general meetings a Spill Resolution was not put to vote. If required, the Spill Resolution must be put to vote at the second of those annual general meetings.

If more than 50% of votes cast are in favour of the Spill Resolution, the company must convene a shareholder meeting (**Spill Meeting**) within 90 days of the second annual general meeting.

All of the directors of the company who were in office when the directors' report (as included in the company's annual financial report for the most recent financial year) was approved, other than the managing director of the company, will cease to hold office immediately before the end of the Spill Meeting but may stand for re-election at the Spill Meeting.

Following the Spill Meeting those persons whose election or re-election as directors of the company is approved will be the directors of the company.

2.3 Previous voting results

At the Company's previous annual general meeting the percentage of votes cast against the remuneration report considered at that annual general meeting was less than 25%. Accordingly, the Spill Resolution is not relevant for this Annual General Meeting.

3. Resolutions 2 and 3 – Election and Re-election of Directors

3.1 General

The Constitution allows the Directors to appoint at any time a person to be a Director, either to fill a casual vacancy or as an addition to the existing Directors, but only where the total number of Directors does not at any time exceed the maximum number specified by the Constitution.

Pursuant to the Constitution and ASX Listing Rule 14.4, any Director so appointed holds office only until the next following annual general meeting and is then eligible for election by Shareholders.

Walter Edward Joseph having been appointed as a Non-Executive Director by other Directors on 28 June 2021 in accordance with the Constitution, will retire in accordance with the Constitution and being eligible, seeks election from Shareholders.

The Constitution also sets out the requirements for determining which Directors are to retire by rotation at an annual general meeting. A Director who only holds office until the annual general meeting because of clause 14.4 shall not be taken into account in determining the Directors who are to retire by rotation (if any) at that meeting.

Mr Daniel O'Connor, who has served as a director since November 2011 and was last re-elected by Shareholders on 30 May 2019, retires by rotation and seeks re-election.

3.4 Board recommendation

4. Resolution 4 – Approval of 10% Additional Issuance Capacity

4.1 General

Broadly speaking, and subject to a number of exceptions, Listing Rule 7.1 limits the amount of equity securities that a listed company can issue without the approval of its shareholders over any 12 month period to 15% of the fully paid ordinary securities it had on issue at the start of that period.

Under Listing Rule 7.1A, however, an eligible entity can seek approval from its members, by way of a special resolution passed at its annual general meeting, to increase this 15% limit by an extra 10% to 25%.

An "eligible entity" means an entity which is not included in the S&P/ASX300 Index and which has a market capitalisation of \$300 million or less at the date of the Meeting. The Company is an eligible entity for these purposes as at the date of this Notice. As at the date of this Notice, the Company is an Eligible Entity as it is not included in the S&P/ASX 300 Index and has a current market capitalisation of approximately \$17,622,342 (based on the number of Shares on issue (275,349,087) and the closing price of Shares on the ASX (\$0.064) each on 10 June 2021).

Resolution 4 seeks Shareholder approval by way of special resolution for the Company to have the additional 10% capacity provided for in Listing Rule 7.1A to issue equity securities without Shareholder approval (**Additional Issuance Capacity**).

If Resolution 4 is passed, the Company will be able to issue equity securities up to the combined 25% limit in Listing Rules 7.1 and 7.1A without any further Shareholder approval.

If Resolution 4 is not passed, the Company will not be able to access the Additional Issuance Capacity and will remain subject to the 15% limit on issuing equity securities without Shareholder approval set out in Listing Rule 7.1.

The Board considers it is in the Company's best interests to have the opportunity to take advantage of the flexibility to issue additional securities provided under ASX Listing Rule 7.1A. As at the date of this Notice, no decision has been made by the Board to undertake any issue of securities under the Additional Issuance Capacity if Shareholders approve Resolution 4. The Board unanimously recommend that Shareholders vote in favour of Resolution 4.

The information below provides more background on ASX Listing Rule 7.1A and the disclosure required by ASX Listing Rule 7.3A.

4.2 Description of ASX Listing Rule 7.1A

(a) **Securities that may be issued under the Additional Issuance Capacity**

Under the Additional Issuance Capacity, the Company must issue Equity Securities belonging to an existing quoted class of the Company's Equity Securities. As at the date of this Notice, the Company has on issue one class of quoted Equity Securities, being fully paid ordinary shares (ASX Code: HCT).

(b) **Minimum issue price**

Equity Securities issued under the Additional Issuance Capacity must be issued for cash consideration of no less than 75% of the volume weighted average price for the securities in that class, calculated over the 15 ASX trading days on which trades of securities in that class were recorded immediately before:

- (i) the date on which the price at which the securities are to be issued is agreed by the Company and the recipient of the securities; or
- (ii) if the securities are not issued within 10 ASX trading days of the date in paragraph (i) above, the date on which the securities are issued.

The Company will disclose this information when Equity Securities are issued under the Additional Issuance Capacity.

(c) **Period for which approval will be valid**

Shareholder approval of the Additional Issuance Capacity will be valid for the period commencing on the date of the Meeting and expiring on the first to occur of the following:

- (i) the date that is 12 months after the date of the Meeting; or
- (ii) the time and date of the Company's next annual general meeting; or
- (iii) if the Company receives Shareholder approval for a proposed transaction under ASX Listing Rule 11.1.2 (significant change to the nature or scale of activities) or ASX Listing Rule 11.2 (disposal of main undertaking), the time and date of that approval.

(Additional Issuance Period).

(d) **Dilution risks**

If Equity Securities are issued under the Additional Issuance Capacity, there is a risk of economic and voting dilution of existing Shareholders, including the following risks:

- (i) the market price for Equity Securities in the class of securities issued under the Additional Issuance Capacity may be significantly lower on the issue date than on the date of the approval under ASX Listing Rule 7.1A (that is, the date of the Meeting, if Resolution 4 is approved); and
- (ii) the Equity Securities may be issued under the Additional Issuance Capacity at a discount to the market price for those Equity Securities on the issue date,

which may have an effect on the amount of funds raised by the issue of the Equity Securities.

The below table shows the dilution of existing Shareholders on the basis of the market price of Shares and the number of ordinary securities for variable "A" calculated in accordance with the formula in ASX Listing Rule 7.1A.2, both as at 10 June 2021.

The table also shows:

- (i) two examples where variable "A" has increased, by 50% and 100%. Variable "A" is based on the number of ordinary securities the Company has on issue as at 10 June 2021. The number of ordinary securities on issue may increase as a result of issues of ordinary securities that do not require Shareholder approval (for example, a pro rata entitlement offer or securities issued under a takeover offer) or future specific placements under Listing Rule 7.1 that are approved at a future general meeting; and
- (ii) two examples of where the issue price of ordinary securities has decreased by 50% and increased by 50% as against market price as at 10 June 2021.

| Number of Shares on Issue (Variable 'A' in ASX Listing Rule 7.1A2) | Dilution | | | |
|--|-------------------------------------|--|------------------------|--|
| | Issue Price (per Share) | \$0.032 50% decrease in Issue Price | \$0.064 Issue Price | \$0.096 50% increase in Issue Price |
| 275,349,087 (Current Variable A) | Shares issued - 10% voting dilution | 27,534,908 | 27,534,908 | 27,534,908 |
| | Funds Raised | \$881,117 | \$1,762,234 | \$2,643,351 |
| 413,023,630 (50% increase in Variable A) | Shares issued - 10% voting dilution | 41,302,363 | 41,302,363 | 41,302,363 |
| | Funds Raised | \$1,321,676 | \$2,643,351 | \$3,965,027 |
| 550,698,174 (100% increase in Variable A) | Shares issued - 10% voting dilution | 55,069,817 | 55,069,817 | 55,069,817 |
| | Funds Raised | \$1,762,234 | \$3,524,468 | \$5,286,702 |

*The number of Shares on issue (Variable A in the formula) could increase as a result of the issue of Shares that do not require Shareholder approval (such as under a pro-rata rights issue or scrip issued under a takeover offer) or that are issued with Shareholder approval under Listing Rule 7.1.

The table above uses the following assumptions:

1. There are currently 275,349,087 Shares on issue.
2. The issue price set out above is the closing price of the Shares on the ASX on 10 June 2021.
3. The Company issues the maximum possible number of Equity Securities under the Additional Issuance Capacity.
4. The Company has not issued any Equity Securities in the 12 months prior to the Meeting that were not issued under an exception in ASX Listing Rule 7.2 or with approval under ASX Listing Rule 7.1.
5. The issue of Equity Securities under the Additional Issuance Capacity consists only of Shares and the consideration provided for those Shares is cash. It is assumed that no Options are exercised into Shares before the date of issue of the Equity Securities.
6. The calculations above do not show the dilution that any one particular Shareholder will be subject to. All Shareholders should consider the dilution caused to their own shareholding depending on their specific circumstances.

7. This table does not set out any dilution pursuant to approvals under ASX Listing Rule 7.1.
8. The 10% voting dilution reflects the aggregate percentage dilution against the issued share capital at the time of issue. This is why the voting dilution is shown in each example as 10%.

(e) **Purpose of issue under Additional Issuance Capacity**

The Company may issue Equity Securities under the Additional Issuance Capacity to raise cash to fund the following:

- (i) general working capital expenses;
- (ii) activities associated with its current assets;
- (iii) repayment of debt; or
- (iv) the acquisition of new assets and investments (including any expenses associated with such an acquisition).

The Company will comply with the disclosure requirements under ASX Listing Rule 7.1A.4 on issue of any Equity Securities issued pursuant to the approval sought by Resolution 4.

(f) **Allocation policy under Additional Issuance Capacity**

The Company's allocation policy and the identity of the recipients of Equity Securities issued under the Additional Issuance Capacity will be determined on a case-by-case basis at the time of issue and in the Company's discretion.

No decision has been made in relation to an issue of Equity Securities under the Additional Issuance Capacity, including whether the Company will engage with new investors or existing Shareholders, and if so the identities of any such persons.

However, when determining the allocation policy and the identity of the recipients, the Company will have regard to the following considerations:

- (i) prevailing market conditions;
- (ii) the purpose for the issue of the Equity Securities;
- (iii) the financial situation and solvency of the Company;
- (iv) impacts of the placement on control;
- (v) other methods of raising capital; and
- (vi) advice from corporate, financial and broking advisers (if applicable).

Recipients may include existing Shareholders or new investors, but not persons who are related parties or associates of related parties of the Company. If the issue is made in connection with the acquisition of assets, the recipients may be the sellers of those assets.

(g) **Previous issues under the Additional Issuance Capacity**

The Company has not issued any Equity Securities pursuant to Listing Rule 7.1A.2 in the 12 months preceding the date of the Meeting.

4.3 Description of ASX Listing Rule 7.1A

At the time of dispatching this Notice, the Company is not proposing to make an issue of Equity Securities under the Additional Issuance Capacity, and a voting exclusion statement is therefore not included in this Notice.
